Now Available for Review

Chicago, Illinois - July 17th, 2022: Alex Ibarra announces the publication of *The Inquisitive Collective*, a collection of four stories seeped in drama and suspense. The collection will be available for free on Smashwords.com.

In “Shapeshifter” two sisters are walking home when they notice a large dog observing them from the shadows.

“Closet Thieves” places readers in between bitter ex-partners Jack and Troy as they hide in a closet to avoid being discovered by the recently returned homeowners. Being forced to wait the disgruntled duo begin to argue, and slowly readers will learn the truth on what caused them to split apart.

In “Coin Flip” a woman fears for her life as a mysterious man coldly makes meaningless small talk and refuses to let her leave. The man pulls out a rusted coin, he talks about it briefly before asking the woman one final question. Heads or Tails?

“The Orpheus Crusade” follows Sir Orpheus as he courageously travels through the wretched lands on a quest to save his beloved Eurydice from an army of barbarians. Admittedly, rather than confronting them directly he sneaks past most of his enemies, but nothing will stop him from saving the person he loves most.

Smashwords.com is the world’s largest publisher of indie e-books. They allow authors to publish and distribute e-books to the industry’s major retailers, as well as provide e-books in a wide variety of digital formats.
